IN Black Oak, Griffith, Hammond, Highland, Lansing, Munster

INFORMATION—For numbers not in Directory	Call "Information"
REPAIR SERVICE—To report a telephone "Out-of-order"	Call "Repair Service"
For ASSISTANCE in reaching number	Call "Supervisor"

You May Telephone Telegrams

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. This arrangement does not apply to cablegrams or radiograms. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

About Your Telephone Number

Occasionally it is necessary to change the telephone numbers of some of our subscribers. We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

Need an Extra Directory Listing

Names of other members of your household also can be listed in the telephone directory at a nominal charge.

If you are a businessman, you will find it especially convenient to list not only the name of your firm but your own name as well. Alternate call numbers and after-office-hour listings help to assure receiving your customers' calls.

Call our Business Office about extra listings. They mean better service for you, your friends and your customers.

Illinois Bell operators get many urgent appeals for aid. People in distress throughout the company's territory call them for help 1,700 times a week.

When trouble strikes, many people turn automatically to the telephone operator—their only link with the outside. Through training and instinct, the operator acts fast in emergencies. Many times her speed and initiative have meant the difference between life and death.

It's comforting to know she's always within arm's reach when you need her—not only with operator service, but with dial service, too. Her reassuring voice will answer whenever you dial "operator."

Hammond, Ind.

USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory.

Please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

CALLING AN OUT-OF-TOWN PHONE?

Here's How To Save Time and Money

You'll save time from the start if you give your out-of-town calls to the right operator. By checking the list on the next page you can be sure of placing your call correctly. And you'll find some time and money-saving tips on placing long distance calls on this page.

3 Ways to Save Money on Long Distance Calls

1. CALL STATION-TO-STATION if you are willing to talk to anyone who answers. Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than person-to-person rates. But . . .

2. CALL PERSON-TO-PERSON if you want to talk to a particular person. Just tell the operator you wish to talk to a particular person.

(On a call from one point to another in *Illinois*, a "Report Charge" is made if the particular person you want cannot be reached and you ask the operator to cancel the call.)

3. PLACE YOUR CALL AFTER 6:00 P.M. ON WEEK DAYS or *any time* Sundays; you'll make a substantial saving. Rates are also reduced on Thanksgiving, Christmas and New Year's.

On calls within Indiana the reduced rates apply to "station" calls where the initial period rate is 40c or over (45c or over *within Ill.*) and to "person" calls where the initial period rate is 60c or over. (70c or over *within Ill.*) Reduced rates on calls to telephones outside of the state apply to "station" calls where the initial period rate is 40c or over and to "person" calls where the initial period rate is 55c or over.

Tips for Saving Time

You'll get faster service if you give the details of your call to the Long Distance operator like this:

FIRST Give her the name of the town and state you are calling. Then the telephone number, if you know it; otherwise, the name and address of the party you want.
EXAMPLE: "Detroit, Michigan—WO odward 5-3456"

SECOND If it's a person-to-person call, also give the operator the name of the person you want.

THEN Wait for the operator to ask for your number . . . and remain at the telephone unless the operator says there will be a delay. Most long distance calls go through while you hold the line.

SPECIAL CALLS YOU CAN MAKE

OVERSEAS CALLS—You may talk by telephone to any one of more than 60 countries, territories and dominions throughout the world. Call "Long Distance" and place your call in the usual way.

SHIP-TO-SHORE CALLS—Most ships may be reached by telephone. Give your call to the "Long Distance" operator.

CALLS TO VEHICLES—You can now telephone to or from properly equipped vehicles operating within mobile service areas. Calls can be made to or from any telephone reached by the Bell System. To call a vehicle, call or dial "Long Distance," and tell the operator you wish to place a Mobile telephone call.

COLLECT CALLS

If you place a call "Collect", and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular station-to-station call or person-to-person call with these exceptions:

From Indiana telephones

The rate is higher on station-to-station collect calls to other Indiana telephones when the regular rate is 25c or less. On calls to telephones in other states, the collect rate is higher when the regular rate is 20c or less.

From Illinois telephones

The rate is higher on station-to-station collect calls to other Illinois telephones when the regular rate is 35c or less. On calls to telephones in other states, the collect rate is higher when the regular rate is 20c or less.

On calls within Illinois

If the party you are calling doesn't accept the charges, a "Report Charge" applies to be paid by you. No "Report Charge" is made, however, if you decide to pay for the call yourself.

OUT-OF-TOWN CALLS are Easy to Make

FROM NON-DIAL TELEPHONES

IN Black Oak, Griffith, Hammond, Highland, Lansing, Munster

For calls to **nearby places**—see list below . . . . . Give call to "Operator"

Ask For

For all **other out-of-town calls**—including calls to foreign countries . "Long Distance"
For **Ship-to-shore calls** . . . . . "Long Distance"
For **Mobile telephone calls** . . . . . "Long Distance"
(Tell "Long Distance" you wish to place a mobile telephone call)

FROM DIAL TELEPHONES

IN Dyer, New Elliott and Schererville

To call **Griffith, Highland or Munster** (For Temple numbers, dial "Operator") — Dial "6" and give number to operator

To call **other nearby places**—see list below . . . . . Dial "Operator" and give call to her

For all **other out-of-town calls**—including calls to foreign countries, Mobile telephones* and ships . . . . . Dial "Operator" and ask for "Long Distance"

*(Tell "Long Distance" you wish to place a mobile telephone call)

IN Calumet City and Burnham

For calls **between Calumet City and Burnham** . . . . . Dial number as listed

To call **Hammond**
- Sheffield numbers . . . . . Dial 311 and give number to operator
- Russell numbers . . . . . Dial 511 and give number to operator

To call **Harvey**
- From one and two-party and private switchboard telephones . . . Dial 911 and give call to operator
- From coin and 4-party telephones . . . . Dial "Operator" and give call to her

To call **Lansing**
- From one and two-party and private switchboard telephones . . . Dial 811 and give call to operator
- From coin and 4-party telephones . . . . Dial "Operator" and give call to her

To call **Chicago**
See list on page 4
- From one and two-party and private switchboard telephones . . . Dial number direct
- From coin and 4-party telephones . . . . Dial "Operator" give call to her

To call **other nearby places**—Dial "Operator" or 211 . . . . See list below

For all **other out-of-town calls**—including calls to foreign countries, Mobile telephones * and ships . . . . . Dial 211

* (Tell "Long Distance" you wish to place a mobile telephone call)

RATES TO NEARBY PLACES

This table lists rates on calls to nearby places. Your regular operator will handle calls to all places on this list—**except** those indicated with an asterisk (*) which are handled by "Long Distance."

How to Use Your DIAL TELEPHONE

TO DIAL A CALL

1. Look in the telephone directory for the correct number.

2. Listen for the "dial tone." This steady humming sound tells you that the dial equipment is ready for your call. (From a coin box telephone, see bottom of page.)

3. To Dial any letter or figure, place your finger firmly in the opening for the particular letter or figure. Pull the dial around until your finger strikes the metal finger stop. Then, release the dial and allow it to return to rest without interference.

For information on out-of-town calls, see pages 2-4.

If You Dial in Error

In case finger slips while dialing
Or if you've dialed a wrong digit—
Replace the receiver . . .
Wait a few seconds . . .
Lift the receiver to your ear and when you hear the hum of "dial tone",
Dial the complete number.

At the End of a Call

The dial equipment is restored to normal, ready for another call, only when the calling party hangs up the receiver. So, if you wish to place a second call, hang up for a few seconds and then listen for the "dial tone."

Answering Incoming Calls

Answer all calls promptly.
If you hear the "dial tone" when you answer a call, you'll know there is no one on your line—the connection that was established with your line has been released.

When You Can't See Dial

If for any reason you cannot see the dial, locate the first opening just below the finger stop, pull the dial all the way around in the usual way, and let it return. Your operator will answer.

After You've Dialed

Most people try to answer the telephone immediately . . . but it can't always be done. Wait a full minute, or about 10 rings, before you decide "nobody's home." This way you can often avoid making a second call.

IN BURNHAM OR CALUMET CITY

To Dial Local Calls

Dial the first two letters and the figure of the exchange name and then the figures of the number.

For example, in Calumet City, to call TO rrence 2-0642, dial TO, then 2, then 0642 or, in Burnham, to call TO rrence 6-8140, dial TO, then 6, then 8140. (The dash is used to indicate a pause when the number is spoken and has nothing to do with dialing.)

TO CALL ANOTHER PARTY ON YOUR LINE

If you want to know who else is on your line, dial 611 "Repair Service". "Repair Service" will be glad to tell you who the other parties are.

To call another party on your line, dial his number the same as any other local number. After you dial the complete number, you will hear a high pitched tone. Then dial the party code shown on the number card on your telephone. When you hear the "busy signal," hang up to allow the other party's bell to ring. Your bell also will ring at intervals, indicating that the other telephone is ringing. When the ringing stops you will know the other party has answered. Remove your receiver—proceed with conversation.

If your party does not answer within a reasonable period remove your receiver momentarily in order to clear the line and stop the ringing. Then replace the receiver.

IN DYER, SHERERVILLE AND NEW ELLIOTT

TO DIAL LOCAL CALLS IN DYER

In Dyer, dial the four figures of the number. For example, to call Dyer 7251, dial the figure 7, followed by the figures 2-5-1.

TO CALL ANOTHER PARTY ON YOUR LINE

If the first three figures of a telephone number are the same as the first three figures of your number, this telephone is on your line.

Party line customers when calling another party on their line dial a special code number to ring the desired telephone —not the telephone number as listed in the directory for that party.

Three-Figure Code Number

The first figure is always "9." The second is the last figure of your number. The third is the last figure of the desired party's number.

Suppose, for example, your number is "7351" and you are calling "7352". The code number in this case is "912".

How To Place Your Call

1. After dialing the code number, hang up your receiver. Your bell will ring at intervals indicating that the other telephone is ringing.
2. When the ringing stops, the other party has answered.
3. Remove your receiver and proceed with conversation.

If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line.

FROM COIN BOX DIAL TELEPHONES

IN BURNHAM AND CALUMET CITY

Local Calls

1. Deposit coin. 2. Listen for dial tone.
3. Dial the number as listed in this directory.

For Assistance	Dial "Operator"
Out-of-Town Calls	See Page 3
Long Distance	Dial 211

(See Page 3)

IN DYER AND SCHERERVILLE

Local Calls

To call a local number, listen for dial tone; dial the number wanted. When the called number answers, you will hear the dial tone again. Then deposit coin.

For Assistance	Dial "Operator"
Out-of-Town Calls	Dial "Operator"
Long Distance	Dial "Operator"

(See Page 3)

TO CALL FROM A NON-DIAL PHONE

1. **Look** in the directory
2. **Listen** for the operator's "Number, please"?
3. **Give number** to operator

From Coin Box Telephones
First Deposit coin *and*
Listen for operator's answer.
Then Give call to her.

For information on out-of-town calls—
see pages 2-4.

For Your Protection

Naturally, our customers want to take every precaution to prevent unauthorized persons from entering their homes or places of business.

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs which they will gladly show you. If you have the slightest doubt about anyone who calls "from the Telephone Company," *ask to see his credentials.*

TIPS TO ALL TELEPHONE USERS

Telephone Signals You Should Know

THE "RINGING SIGNAL"—Within a few seconds after you've placed your call, if the line is not busy, you will hear the "ringing signal" which tells you that the called telephone is being rung. This is an interrupted "burring" sound.

"THE BUSY SIGNAL"—By signaling you with a "buzz-buzz-buzz" sound, the equipment will tell you (shortly, after you've placed your call) when the telephone you are calling is in use. When you hear this "busy signal," be sure to replace the receiver before trying your call again—or placing another call.

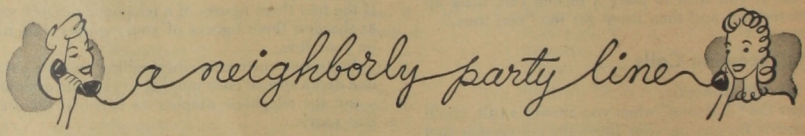
THE "NO-SUCH-NUMBER-SIGNAL"—When you hear a series of siren-like sounds, which indicate that you have dialed a nonexistent number, replace the receiver, and verify the number by looking in your telephone directory.

THE "BEEP" TONE—If you hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

Use of a recorder without this signal is unlawful.



Just as much as the people next door or across the street, the folks on your party line telephone are neighbors. Maybe as the saying goes, you wouldn't know them if you fell over them, but chances are they are folks with a family to raise—a household to manage—calls to make—very much like you. As a matter of fact, *you* are some one's telephone neighbor.

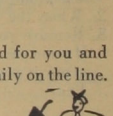
Well, the best party-line service for *all* depends on courteous, cooperative use of the line by *all* the party-line neighbors. So—here's how you can do your part.

How to be a GOOD PARTY-LINE NEIGHBOR in 6 Easy Lessons

Answer Promptly

This will insure receiving all calls intended for you and will prevent possible annoyance to another family on the line.

Take a Breather



A "breathing spell" between calls gives your neighbor a chance at the line. It also permits incoming calls to come through.

Listen Before Using

Make certain that the line is free before attempting to call a number. (In the case of dial service, listen for the Dial Tone. If you hear successive clicks, it means that someone else is dialing a number. Wait until they stop; then explain to the party that you have interfered with his dialing. And hang up.)

Replace Receiver Properly

If you don't, the line is just as "busy" as if someone were talking on it. Incoming calls are blocked; and eventually no one can reach the operator. And when you find the line already in use, the neighborly way is to hang up gently.

Tell the Children How

Teach 'em young how to use the telephone—to be considerate of others on the party line. . . . not to talk unnecessarily long.

Give Way in Emergencies

If your neighbor says the line is needed for emergency, cut the call short and give the right-of-way. You might otherwise always regret it.
